Mission Statement: To promote professional and personal growth of women educators and excellence in education.

FEBRUARY, 2010, VOL. 16, CHI STATE, AREA III EDITOR: KIT KING

Denise Dolan

Denise Dolan is our intrepid dinner coordinator. She's the one you call at the last minute to plead your case to come. She taught kindergarten at Montevideo School in SRVUSD from 1972 until she retired in 2004. In her spare time, she volunteers in the Mt. Diablo Chapter of DAR, at the Museum of the San Ramon Valley, and also at the Tassajara School House. She served as Treasurer for Zeta Zeta for 6 years. She has such a sweet smile with a twinkle in her eye. She's a peach!

Our speaker at the February meeting was Dr. Bethany Lyles Goldblum, from UCB Nuclear Engineering Department. Working with homeland security and nuclear physics applications, Dr. Goldblum is from DeQuincy, LA, and received two bachelor degrees (math and chemistry) from Fort Lewis College in Colorado. After studying at MIT she continued her studies at UCB and is now working with Lawrence Livermore Lab

and Lawrence Berkeley Lab. She is striving to balance her work with her family life, which includes Cash, a 16-month old baby. Bethany gave an interesting slideshow presentation of her project and voiced interest in the possibility of joining Zeta Zeta. Impressive!
